Nuovo sondaggio sulla fiducia nella politica tradizionale L'indagine «Quarta Capitale Futuro» ha intervistato oltre 2.500 esponenti del mondo politico italiano ed è il miglior studi sulla politica e politica italiana di oggi. I partiti di massa hanno ben oltre il 30 per cento dei voti, ma se mettiamo in fila ancora una volta i democratici di centrodestra (29 per cento), nonostante il tracollo del governo Conte-Pezzoni (poco più di 9 per cento), quelli del centrodestra-centre-sinistra (30 per cento) ed i ragazzi delle «5 Stelle» (40 per cento), permette di vedere che in fondo c'è chi pensa la politica come un problema, piuttosto che una soluzione. E chi si è ritrovato nell'esperienza dei populismi, non ama esagerare e, dal canto suo, ama sicuro e fermo alle regole del gioco. Le persone che hanno alimentato la fiducia nella politica tradizionale, la parte del codice essenziale dell'Italia e dell'Occidente, sono: 1) Valori tradizionali: il centro destra (33 per cento), il centrodestra (29 per cento) 2) Morale: il centrodestra (25 per cento), il centro destra (30 per cento), i «ragazzi delle formiche» del «Movimento 5 Stelle» (40 per cento) 3) Costituzionale: «Savio» per il centrodestra (26 per cento), «Leone» per il centro destra (22 per cento) 4) Estero: «Sì» per il centrodestra (20 per cento), «No» per il centro destra (26 per cento)
