The shop, situated in the major retail centre of Westfield in Stratford in east London, has been created by PIMM's Leeds branch. The new shop is located in a space that has been set aside by the small, independent bookshop. When looking for somewhere to store their stock, the Westfield Stratford centre team invited PIMM's Leeds branch to move into the space and also pitched it as a shop to PIMM. PIMM's staff in the west Yorkshire branch of the business have spent the last few months adapting the new space to an even better bookshop. The new shop was officially opened on Saturday 9th January. Jonathan Thomson, PIMM's Leeds bookshop manager, said: "We're really excited and delighted to have the opportunity to open our second branch in London. We can't wait to get going with the new space and start serving our customers from 9am - 5pm. The response to the new shop has been fantastic so far and we've already found our customers through word of mouth and social media. "Our supporters and shop members are very important to us and we're grateful for the feedback and support we have been given so far. As always, we're open to suggestions of things we could do differently to make our customers even happier with their experience at the new store, so if you have any thoughts please let us know!"Hun
